

INEAR configurator

<https://inears.variphone.com/>

Small detail, big difference

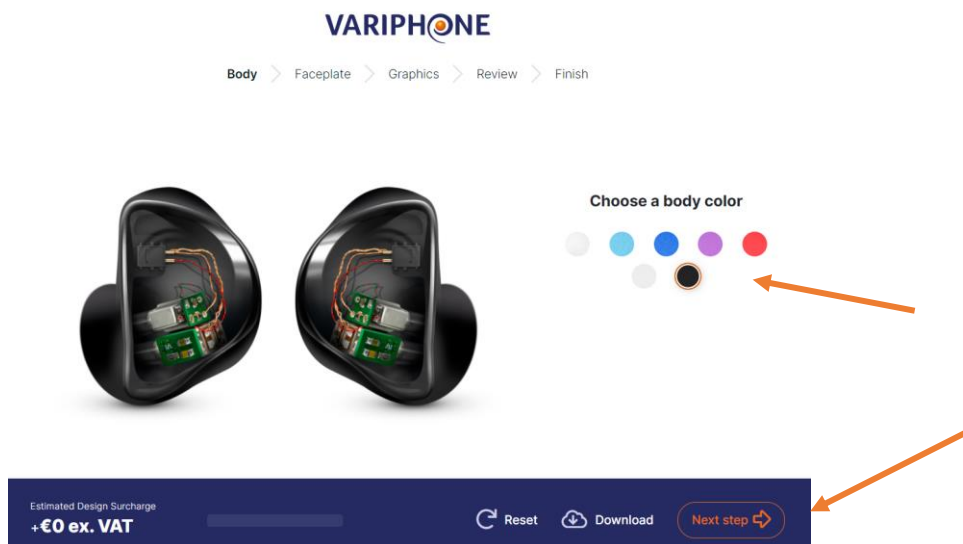

Use our customizer and design your own in-ear. Explore our extensive range of design options and make an informed decision. Combine, compare and experiment until you find the perfect design...

Quick start explanation:

(Note: any additional cost will always be shown at the bottom: "Estimated Design Surcharge")

Step 1: Choose the color of the body

Choose from 7 basic colors, after selection the photo will change according to the chosen design.

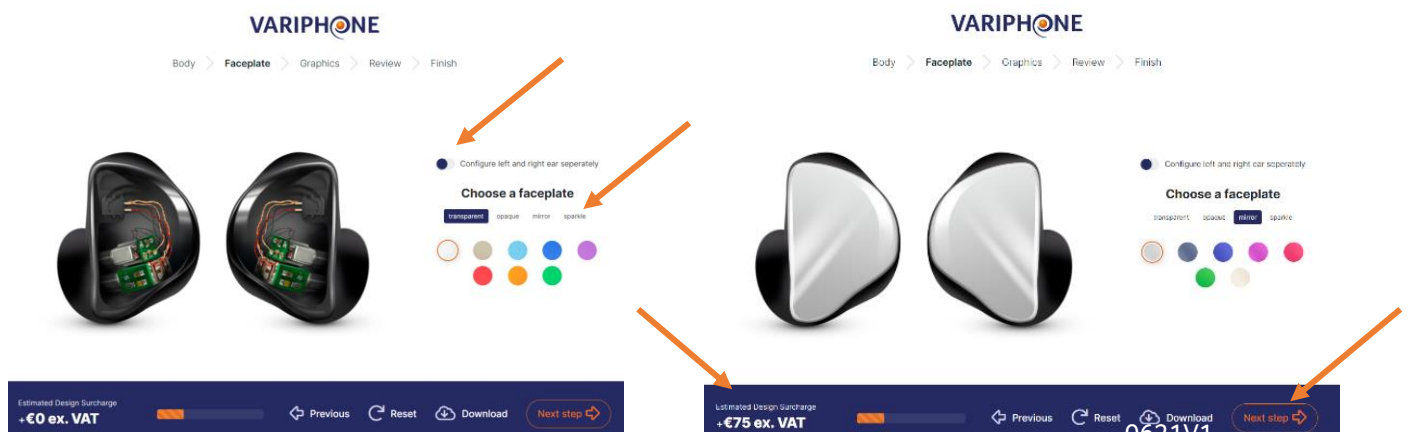

If the color is as desired, click on 'Next step'

Step 2: Choose the color of the faceplate

2.1 Left and right identical? Select the option you want: "Configure left and right separately"

2.2 Choose from Transparent, Opaque, Mirror Effect or Glitters

2.3 Go to "Next step" if you want Graphics or if your choice has been made

Step 3: Create a specific design for your in-ear

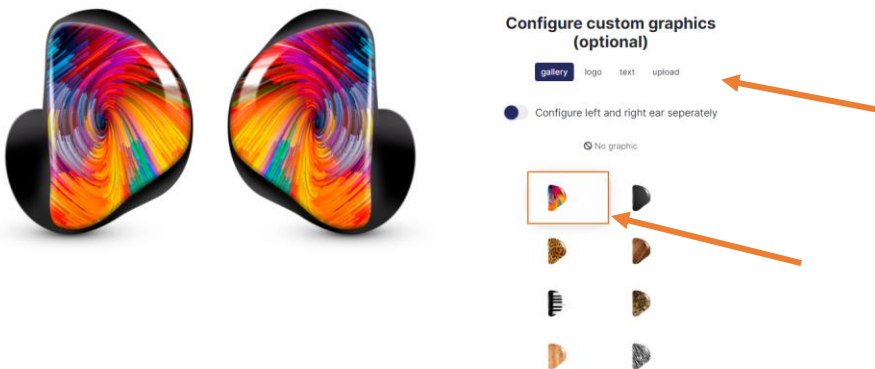

If desired, make a choice for the Graphics.

If not proceed immediately "next step". (See step 4: review)

3.1 Choose from Gallery, Logo, Text, Uploads

3.1.1 Gallery

Select the desired design from the predetermined list

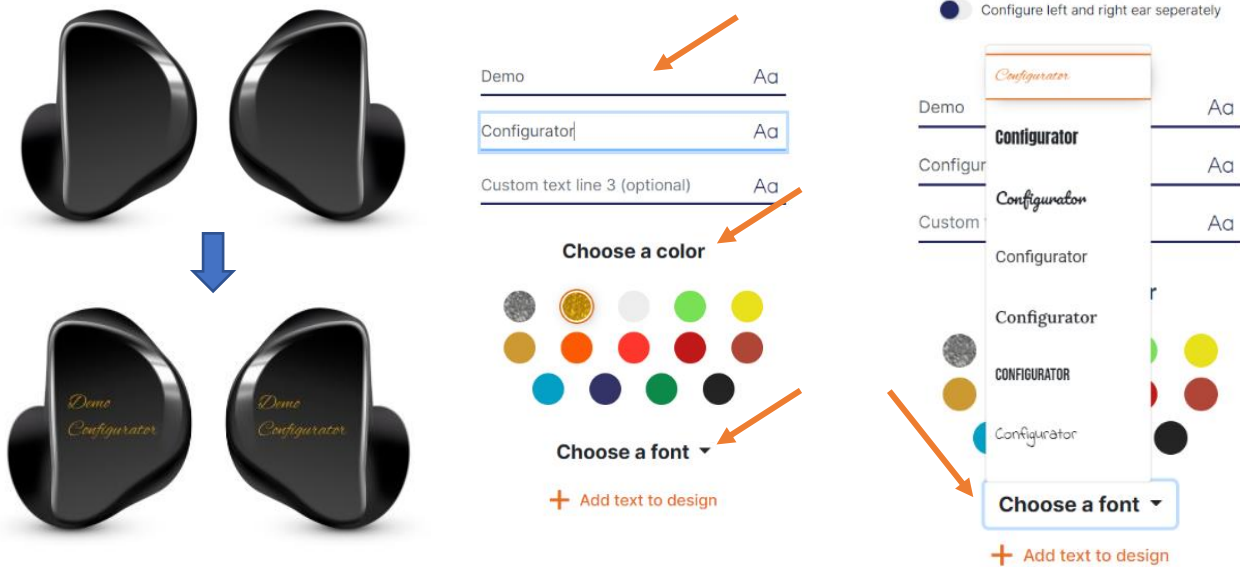

3.1.2 Logo

You can select the chosen logo and position it in a desired place by using a few mouse clicks. (Keep in mind that a logo is mostly visible in combination with an opaque background.)

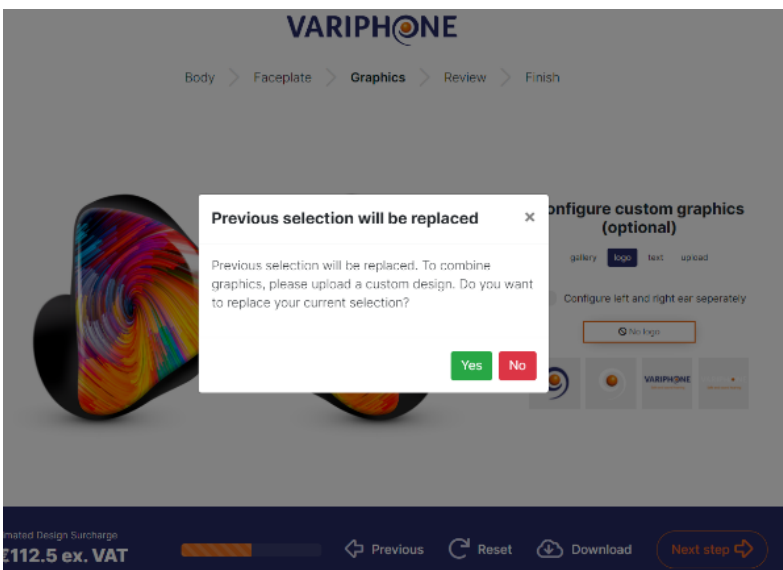

3.1.3 Text

You can enter a limited text of your choice, in the provided boxes. Then choose the desired color/font. Once your choice has been made, click on "Add text to design". The design that emerges can be positioned by you, or make it larger/smaller.

3.1.4 Uploads

Attention: Certain combinations are not possible, but this is clearly indicated:

Step 4: Review

Body > Faceplate > Graphics > **Review** > Finish

Review your custom design

Please review your final design. Want to make any changes? Please go back to one of the previous steps. Want to submit and save your design? Enter your e-mailaddress below.
